

24th January 2016

RECEIVED 26 JAN 2016

To Whom it may concern

Not being one to often put pen to paper I feel compelled to take this opportunity to congratulate you and your staff on a most excellent golf course.

Having recently played at Wells Golf Club for the second time in three months, I can honestly say that in comparison to other courses I have played locally, it is by far the nicest and most enjoyably challenging!

My thanks should be extended to the groundstaff for its excellent presentation, especially when considering the challenging winter climate of late, and to the friendly groundsman who was on hand to direct me when I lost my way. I failed to catch his name but we shared an interesting conversation on grass growth and disease!

Your greens are of good pace and a pleasure to play. I am very much looking forward to playing them again upon my return in the Summer.

I didn't have time to visit the clubhouse, but it has been well recommended to me, and I must say that the smell of good food has ensured that I will find the time to visit next time.

Once again, thank you for a very enjoyable round of golf, and rest assured that I will not hesitate to recommend your club to my friends and colleagues!

Yours Sincerely

J. J. Hartley
